

# TAKE HOME-FIELD ADVANTAGE TO THE NEXT LEVEL

**GET FIELDS READY FAST. KEEP PLAY SAFE. LOOK LIKE A PRO.**

You work hard to give your players a field they can be proud of — one that's safe, smooth, and ready for action. With the right products and expert guidance, you can keep every game on schedule and every field looking its best.

## THE ESSENTIALS EVERY FIELD MANAGER NEEDS

### FIELD DRY- RAIN DELAY? NOT ANYMORE.

Absorbs moisture fast, so you can get back on the field and keep your schedule intact

### FIELD CONDITIONER- BETTER DRAINAGE. BETTER FOOTING. BETTER PLAY.

Create consistent, reliable surfaces your athletes can trust, No ruts, no puddles, no excuses.

### MOUND CLAY- STRONGER WHERE IT COUNTS.

High-performance clay for pitching mounds and high-traffic zones that stay stable under pressure.

### FIELD MARKER LIME- YOUR FIELD, YOUR STATEMENT.

Crisp, bright lines that make every inning, quarter, and kickoff look like game day.

### GRASS SEED AND TURF CARE PRODUCTS- BECAUSE GREEN MATTERS.

Professional-grade blends that help you grow durable turf, the kind that lasts all season.

## WHY LOCAL FIELD PROS TRUST GRAHAM FEED

**YOU DON'T NEED ANOTHER SUPPLIER; YOU NEED A PARTNER WHO UNDERSTANDS YOUR FIELDS, YOUR PLAYERS, AND YOUR SEASON.**

- Local know-how: We understand your soil, weather, and schedule because we live it too.
- Dependable guidance: Get quick, expert advice from people who've been on the field, not just behind a counter.
- Community proud: Supporting schools, parks, and athletic programs across the Wabash Valley for generations.

## DRYING AGENTS

- Absorbs moisture quickly to help restore playable field conditions after rain.
- Improves drainage and reduces standing water on infield surfaces.
- Helps maintain a consistent, firm playing surface.

## MOUND/HOME PLATE CLAY

- High-density clay designed for durable mounds and batter's boxes.
- Compacts tightly to withstand heavy pitching and batting traffic.
- Provides excellent footing and stability for pitchers and hitters.

## INFIELD CONDITIONERS

- Helps maintain proper moisture balance in the infield.
- Improves ball bounce and field consistency.
- Reduces compaction and enhances traction for athletes.
- Helps prevent muddy or overly hard playing surfaces.

## TURFACE ATHLETICS MVP

- Professional-grade calcined clay conditioner for infields.
- Improves drainage and reduces surface compaction.
- Enhances traction and athlete safety.
- Helps maintain consistent moisture levels.

## TURFACE MOUNDMASTER RED BLOCKS

- Pre-formed clay blocks designed for fast mound repairs.
- Provides durable, professional-grade mound surfaces.
- Easy to install and shape for consistent mound rebuilding.
- Ideal for high school, collegiate, and municipal fields.
